

22 July 1982

MEMORANDUM FOR: Director of Central Intelligence

FROM:

Director, Office of External Affairs

STAT

SUBJECT: Invitation to Speak to the Greater Chicago
Chapter of the Association of Former
Intelligence Officers

1. Action Requested: Accept invitation.

2. Background: Aware of your scheduled appearance before the 64th Annual National Convention of The American Legion in Chicago on 24 August at the Conrad Hilton Hotel, the Chicago AFIO Chapter has requested that you address their group either the same day or the following. The Greater Chicago AFIO Chapter has approximately 30 members composed primarily of former OSS Officers, CIA and State Department employees. They would find it a great honor if you could make time to address their group and are willing to make whatever arrangements would be suitable to you. Your address before the American Legion is scheduled for 10:30 a.m. Many of the AFIO members have close contacts with news media and suggested that you and the news media might enjoy a more informal session as compared to the full press play you will receive during your appearance at the American Legion Convention. They are willing, of course, to restrict the gathering to just AFIO members and private guests.

3. Recommendation: Accept the invitation and have Public Affairs respond for you and make the necessary arrangements. Indicate your preference for size of gathering.

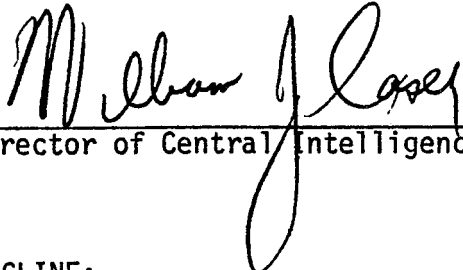

STAT

*Bill: This is a new chapter of AFIO -
Since you are in area, it would be
nice if you can do it.*
